Re: Inquiry Regarding Accuracy of News Article

Ladies and Gentlemen:

We have noted the publication of a news article in *Manila Bulletin* on 10 June 2025¹, titled “SMC banking on NAIA, South Luzon tollways to fuel future revenue surge”. The article reported in part that:

“Diversified conglomerate San Miguel Corporation expects to sustain its growth trajectory seen in the first quarter of the year as new revenue streams are expected to come online.

During the firm’s annual stockholders’ meeting, SMC Chairman and CEO Ramon S. Ang stated that the firm’s performance will improve further due to additional revenues generated from SMC’s operations at the Ninoy Aquino International Airport.

He added that, the 66 kilometer tollway from Sto. Tomas, Batangas to Lucena, Quezon, will also be completed by next year and will provide a new source of revenue.

Ang said, “We are also preparing to build South Luzon expressway toll road number five, which is a 420 kilometer tollway that will stretch from Lucena, Quezon, all the way to Matnog, Sorsogon.”

“We are also starting a lot of new businesses while our existing businesses are very stable,” said Ang.

He noted that the company’s primary focus now is to finish the massive \$15 billion Bulacan airport project which will be a game changer as it will allow the Philippines to generate more revenues from tourism and reduce its dependence of overseas workers and the business process outsourcing industry.

Meanwhile, Ang said SMC continues to expand its existing tollways to add more capacity while its power generation business is adding new renewable energy sources such as solar and hydropower.

Re: Inquiry Regarding Accuracy of News Article

Ladies and Gentlemen:

We have noted the publication of a news article in the *Manila Bulletin* on 14 July 2025¹, titled “*San Miguel starts new Caticlan airport terminal to serve 7 million by 2027*”. The article reported in part that:

“Ramon S. Ang-led San Miguel Corp. (SMC) is set to build a new passenger terminal at Godofredo P. Ramos Airport in Caticlan, the main gateway to Boracay Island, which is expected to increase the airport’s capacity to seven million passengers starting 2027.

President Ferdinand “Bongbong” Marcos Jr. joined Ang in a groundbreaking ceremony on Monday, July 14, to signal the start of the terminal’s construction.

Last year, SMC tapped Megawide Construction Corp. to oversee the design and construction of the terminal building.

SMC, under its infrastructure unit’s subsidiary Trans Aire Development Holdings Corp., operates Godofredo P. Ramos Airport, also known as Caticlan Airport or Boracay Airport.

Once opened in 2027, the new terminal will more than double its passenger capacity to seven million.

The two-story terminal building will have six passenger boarding bridges and 36 individual check-in counters, which can carry a simultaneous capacity of 3,000 passengers at any given time.

Other features include enhanced check-in counters, security screening areas, baggage handling systems, and improved boarding gates.
